Helping Hands

by R.U. Friendly

Helping Hands is a terrific new book. It's a great story about caring for others.

The main character is an elderly man named Mr Baker. He lives next door to a young boy named Jim. Jim feels really sorry for Mr Baker because he lives all alone. One day, Jim says hello to Mr Baker, but he ignores Jim.

The next day, Jim sees Mr Baker raking up the autumn leaves in his garden. Jim asks Mr Baker if he would like some help. Mr Baker smiles and says yes. From that day, Jim gives Mr Baker a helping hand whenever he can.

It's an entertaining story because there's always something really exciting happening. It's also an extremely enjoyable book because it has a very happy ending. It's the best book I've read.
