

Essential Phonics

MORE VOWELS

- An intensive phonic study for students who need practice and consolidation with vowel blends and digraphs.
- Can be used with individual students or in a remedial literacy program.

Teachers' Notes

The **Essential Phonics** series is designed for use with students working at middle primary levels and for older children that struggle with spelling and reading basics. The activities are designed to help children identify and distinguish the many combinations of vowel sounds (graphs, digraphs and trigraphs) that make up the English language. It contains a range of concrete worksheets and review sheets that will aid children in their spelling and reading. This book can be used on its own or in conjunction with other existing phonic programs.

This book can be used by teachers, parents and/or tutors, and in a variety of ways:

- Fitted into your daily or weekly literacy program;
- Used to help children who are struggling with spelling or reading;
- As revision work sheets;
- In conjunction with a language program or other phonic programs;
- Homeschooling;
- Tutoring.

How you choose to use the book will vary depending on the child or students you are working with.

There is no set order that needs to be followed. You may choose to work through this book from the beginning to the end in the alphabetical phonic order as it is set out, or select specific sound groups that the children are experiencing difficulty with.

Whichever way you choose to use the activities, the book will prove to be an asset not only to you, but to the students completing the sheets.

If the book is used for children who are clearly experiencing learning difficulties with their spelling and reading, it is recommended that you try working through the sheets using the direct teaching method as outlined on page 5.

Other titles in this series:

Essential Phonics: Vowels

Essential Phonics: Consonants

Acknowledgements

The author would like to thank her husband and the staff at Mundaring Christian College for their support and encouragement in the production of the Essential Phonics Series.
