

Australian Curriculum / NSW Syllabus Correlation

SCIENCE – YEAR 6 / STAGE 3

OZBOX Topic Card	Australian Curriculum Content Description 	NSW Syllabus Outcomes
Biological Sciences		
1.1 Adapting to Live	The growth and survival of living things are affected by physical conditions of their environment (ACSSU094)	ST3-11LW describes some physical conditions of the environment and how these affect the growth and survival of living thing
1.2 Coping with Climate	The growth and survival of living things are affected by physical conditions of their environment (ACSSU094)	ST3-11LW describes some physical conditions of the environment and how these affect the growth and survival of living thing
1.3 Extreme Survival	The growth and survival of living things are affected by physical conditions of their environment (ACSSU094)	ST3-11LW describes some physical conditions of the environment and how these affect the growth and survival of living thing
1.4 Desert Dwellers	The growth and survival of living things are affected by physical conditions of their environment (ACSSU094)	ST3-11LW describes some physical conditions of the environment and how these affect the growth and survival of living thing
Chemical Sciences		
2.1 From One State to Another	Changes to materials can be reversible or irreversible (ACSSU095)	ST3-13MW describes how the properties of materials determine their use for specific purposes
2.2 Solubility	Changes to materials can be reversible or irreversible (ACSSU095)	ST3-13MW describes how the properties of materials determine their use for specific purposes
2.3 From Milk to Plastic	Changes to materials can be reversible or irreversible (ACSSU095)	ST3-13MW describes how the properties of materials determine their use for specific purposes
2.4 Reversible Changes and Recycling	Changes to materials can be reversible or irreversible (ACSSU095)	ST3-13MW describes how the properties of materials determine their use for specific purposes
Earth and Space Sciences		
3.1 Volcanoes	Sudden geological changes and extreme weather events can affect Earth's surface (ACSSU096)	ST3-9ES explains rapid change at the Earth's surface caused by natural events, using evidence provided by advances in technology and scientific understanding
3.2 Australia's Extreme Weather	Sudden geological changes and extreme weather events can affect Earth's surface (ACSSU096)	ST3-9ES explains rapid change at the Earth's surface caused by natural events, using evidence provided by advances in technology and scientific understanding
3.3 Earthquakes	Sudden geological changes and extreme weather events can affect Earth's surface (ACSSU096)	ST3-9ES explains rapid change at the Earth's surface caused by natural events, using evidence provided by advances in technology and scientific understanding
3.4 Disaster Technology	Sudden geological changes and extreme weather events can affect Earth's surface (ACSSU096)	ST3-9ES explains rapid change at the Earth's surface caused by natural events, using evidence provided by advances in technology and scientific understanding
Physical Sciences		
4.1a Electrical Devices	Electrical energy can be transferred and transformed in electrical circuits and can be generated from a range of sources (ACSSU097)	ST3-6PW describes how scientific understanding about the sources, transfer and transformation of electricity is related to making decisions about its use
4.1b Solar Energy	Electrical energy can be transferred and transformed in electrical circuits and can be generated from a range of sources (ACSSU097)	ST3-6PW describes how scientific understanding about the sources, transfer and transformation of electricity is related to making decisions about its use

4.2a Making a Lemon Circuit	Electrical energy can be transferred and transformed in electrical circuits and can be generated from a range of sources (ACSSU097)	ST3-6PW describes how scientific understanding about the sources, transfer and transformation of electricity is related to making decisions about its use
4.2b Hydro-Electricity in Australia	Electrical energy can be transferred and transformed in electrical circuits and can be generated from a range of sources (ACSSU097)	ST3-6PW describes how scientific understanding about the sources, transfer and transformation of electricity is related to making decisions about its use
4.3a Electricity – The Mysterious Force	Electrical energy can be transferred and transformed in electrical circuits and can be generated from a range of sources (ACSSU097)	ST3-6PW describes how scientific understanding about the sources, transfer and transformation of electricity is related to making decisions about its use
4.3b What Do You Favour?	Electrical energy can be transferred and transformed in electrical circuits and can be generated from a range of sources (ACSSU097)	ST3-6PW describes how scientific understanding about the sources, transfer and transformation of electricity is related to making decisions about its use
4.4a Conducting Electricity: An Experiment	Electrical energy can be transferred and transformed in electrical circuits and can be generated from a range of sources (ACSSU097)	ST3-6PW describes how scientific understanding about the sources, transfer and transformation of electricity is related to making decisions about its use
4.4b Wind and Water Power	Electrical energy can be transferred and transformed in electrical circuits and can be generated from a range of sources (ACSSU097)	ST3-6PW describes how scientific understanding about the sources, transfer and transformation of electricity is related to making decisions about its use

HISTORY – YEAR 6 / STAGE 3

OZBOX Topic Card	Australian Curriculum Content Description 	NSW Syllabus Outcomes
	Australia in the past and present and its connections with a diverse world	Australia as a Nation
1.1 Australia's Laws	Key figures, events and ideas that led to Australia's Federation and Constitution (ACHASSK134)	<ul style="list-style-type: none"> • HT3-3 identifies change and continuity and describes the causes and effects of change on Australian society • HT3-5 applies a variety of skills of historical inquiry and communication
1.2 Becoming a Nation	Key figures, events and ideas that led to Australia's Federation and Constitution (ACHASSK134)	<ul style="list-style-type: none"> • HT3-3 identifies change and continuity and describes the causes and effects of change on Australian society • HT3-5 applies a variety of skills of historical inquiry and communication
1.3 Britain's and Australia's Governments	Key figures, events and ideas that led to Australia's Federation and Constitution (ACHASSK134)	<ul style="list-style-type: none"> • HT3-3 identifies change and continuity and describes the causes and effects of change on Australian society • HT3-5 applies a variety of skills of historical inquiry and communication
1.4 The Federation Architect	Key figures, events and ideas that led to Australia's Federation and Constitution (ACHASSK134)	<ul style="list-style-type: none"> • HT3-3 identifies change and continuity and describes the causes and effects of change on Australian society • HT3-5 applies a variety of skills of historical inquiry and communication
2.1 As Free as Your Sons	Experiences of Australian democracy and citizenship, including the status and rights of Aboriginal and Torres Strait Islander Peoples, migrants, women and children (ACHASSK135)	<ul style="list-style-type: none"> • HT3-3 identifies change and continuity and describes the causes and effects of change on Australian society • HT3-4 describes and explains the struggles for rights and freedoms in Australia, including Aboriginal and Torres Strait Islander peoples • HT3-5 applies a variety of skills of historical inquiry and communication

3.2b The Olympic Games	The world's cultural diversity, including that of its indigenous peoples (ACHASSK140)	geographical information using geographical tools for inquiry • GE3-1 describes the diverse features and characteristics of places and environments • GE3-2 explains interactions and connections between people, places and environments • GE3-4 acquires, processes and communicates geographical information using geographical tools for inquiry
3.3a Diversity Data	The world's cultural diversity, including that of its indigenous peoples (ACHASSK140)	• GE3-1 describes the diverse features and characteristics of places and environments • GE3-2 explains interactions and connections between people, places and environments • GE3-4 acquires, processes and communicates geographical information using geographical tools for inquiry
3.3b Australia Responds	The world's cultural diversity, including that of its indigenous peoples (ACHASSK140)	• GE3-1 describes the diverse features and characteristics of places and environments • GE3-2 explains interactions and connections between people, places and environments • GE3-4 acquires, processes and communicates geographical information using geographical tools for inquiry
3.4a The Maori of New Zealand	The world's cultural diversity, including that of its indigenous peoples (ACHASSK140)	• GE3-1 describes the diverse features and characteristics of places and environments • GE3-2 explains interactions and connections between people, places and environments • GE3-4 acquires, processes and communicates geographical information using geographical tools for inquiry
3.4b Disasters Around the World	The world's cultural diversity, including that of its indigenous peoples (ACHASSK140)	• GE3-1 describes the diverse features and characteristics of places and environments • GE3-2 explains interactions and connections between people, places and environments • GE3-4 acquires, processes and communicates geographical information using geographical tools for inquiry

Global Connections / Connections Shape Perceptions

4.1 Famous Australian Overseas	Australia's connections with other countries and how these change people and places (ACHASSK141)	• GE3-1 describes the diverse features and characteristics of places and environments • GE3-2 explains interactions and connections between people, places and environments • GE3-4 acquires, processes and communicates geographical information using geographical tools for inquiry
4.2 Australian Travellers	Australia's connections with other countries and how these change people and places (ACHASSK141)	• GE3-1 describes the diverse features and characteristics of places and environments • GE3-2 explains interactions and connections between people, places and environments • GE3-4 acquires, processes and communicates geographical information using geographical tools for inquiry
4.3 Studying in Australia	Australia's connections with other countries and how these change people and places (ACHASSK141)	• GE3-1 describes the diverse features and characteristics of places and environments • GE3-2 explains interactions and connections between people, places and environments • GE3-4 acquires, processes and communicates
